Conference Date: July 08-09, 2023

International Conference on ROBOTICS, CYBER SECURITY AND IOT (ICRCSI)

Conference Topics

- Robotics, Cyber Security and IOT
- Chemical and Biological Engineering
- Civil and Environmental Engineering
- Computer Science, Philosophy
- Electrical Engineering, Psychology
- Mechanical and Aerospace Engineering
- Network security
- Application security
- Information security
- Operational security
- Bluetooth Low Energy

Hybrid Mode

- Zigbee Technology
- Near Field Communication
- IPv6 Low Power Personal Area Network, End-user education
- Ultra Low power Wi-Fi Connectivity
- Disaster recovery and business continuity
- Operations Research and Financial Engineering
- **All the topics related to Robotics, Cyber Security and IOT**
