

Conference Date: March 18-19, 2023

4th International Conference on STATISTICS, COMPUTING AND APPLIED SCIENCE (ICSCA)

Conference Topics

- Statistics, computing and applied science
- Convergence of Random Processes
- Basic Probability Theory
- Random Variables, Expectation
- Operating Systems
- Computer Networking
- Databases, Programming
- Distributed Systems
- Languages & Compilers
- Hypothesis Testing
- Linear Regression

Hybrid Mode

- Aerospace engineering
- Agricultural engineering
- Architectural engineering
- Biomedical engineering
- Civil engineering
- Computer science, Mathematics
- Mechanical engineering
- Molecular biology
- Mathematics for Computer Science
- Frequent Statistics
- **All the topics related to Statistics, computing and applied science**

Email Id: editor.iircr@gmail.com
