IIRCR
Research | Communication | Recognition

Conference Date: August 26-27, 2023

International Conference on SMART COMPUTING AND BIG DATA (ICSCBD)

Conference Topics

- Smart Computing and Big Data
- Algorithms, Computer Sciences
- Computer Sciences in Industry
- Databases and Data Mining
- Information Technology
- Malicious user detection in Big Data collection
- Tourist behaviour analysis
- Malicious user detection in Big Data collection
- Tourist behaviour analysis
- Electricity price forecasting

Hybrid Mode

- Credit Scoring, Deep Learning
- Ubiquitous Computing
- Data Mining and Warehousing
- Data Analytics, Bioinformatics
- Image Processing and Pattern Recognition
- High-Performancece Computing
- Advanced Computer Networking
- Cloud Computing
- Parallel Computing on GPU
- **All the topics related to Smart Computing and Big Data**
