

Conference Date: October 07-08, 2023

International Conference on TECHNOLOGICAL ADVANCEMENT AND APPLIED SCIENCE (ICTAS-2023)

Conference Topics

- Technological Advancement and Applied Science
- Aerospace engineering
- Agricultural engineering
- Architectural engineering
- Biomedical engineering , Drones
- Civil engineering , Statistics
- Computer science , Social media
- Smart Assistants , Mathematics
- Smartphones , DNA Testing
- Video Conferencing , VPNs
- Quantum Computing

Hybrid Mode

- Mechanical engineering
- Molecular biology
- Applied Artificial Intelligence (AI)
- Future of programming
- The future of connectivity
- Next-generation computing
- Energy from wireless signals
- Biomarker devices go wireless
- Facial Recognition , 3D Printing
- All the topics related to Technological Advancement and Applied Science**
